How I work

1. **Audit** — Review funnel, tracking, campaigns, creatives and current performance.
2. **Strategy** — Define audiences, offers, funnel structure, KPIs and testing priorities.
3. **Launch** — Test creatives, audiences, placements and offers.
4. **Optimize** — Cut waste, improve conversion and scale winners.
5. **Scale** — Increase spend strategically while protecting efficiency and tracking.

Saudi Acquisition & Scaling

Purchase-focused Snapchat campaigns with ongoing creative and campaign optimization. The dashboard records more than \$25K in spend, \$417K in purchase value and 563 purchases.

The screenshot displays the Snapchat Ads Manager interface. At the top, there are summary metrics: Amount Spent (\$25,462.12), Total Purchase Value (\$417,613.11), Purchase ROAS (16.40), Purchases (563), and Clicks (31,474). Below these are tabs for All Ads, Delivering Ads, and Recommendations. A search bar is present. The main section shows a table of campaigns with columns for Name, Status, Delivery Status, Objective, Amount Spent, Purchases Value Total, Purchase ROAS (Return on Ad Spend), and Purchases Total. The table lists eight campaigns, all with a status of 'Not Delivering Campaign is inactive' and an objective of 'Sales'. The bottom right corner features a 'Smart Assistant' button.
